Bryant: A SEARCH Success Story

Formerly homeless, Bryant has been stably housed at a New Hope Housing site since November of 2014. He works as a home health aide, cooking and cleaning for other residents who are disabled. Bryant's life has not always been easy. With the support and encouragement of his SEARCH case managers, Bryant worked very hard to achieve these successes.

A few years ago, Bryant suffered a stroke which left him temporarily paralyzed. He ultimately lost his job and his home. Lacking the stability of a home, the already difficult task of recovering from his medical issues was virtually impossible. Between 2012 and 2014, Bryant visited the emergency room more than 30 times. With the help of SEARCH, Bryant was able to obtain permanent supportive housing and move into his new home. Bryant's case manager and community health worker provided the assistance and care that Bryant needed to overcome his medical obstacles and achieve stability in his life.

Since becoming housed, Bryant has only been to the emergency room one time. The stability achieved through his housing benefited his health immensely and transformed every aspect of his life. He is working towards his goal of saving enough money to get a two-bedroom apartment for him and his 5-year-old daughter. Bryant, we are so proud of you and your success! Your progress is an inspiration to us all.

They will also match the total amount raised at the end of the month. Enjoy a delicious lunch while supporting SEARCH at the same time!
