### SEARCH Provides New Beginnings

Keina's life changed the day she found her way to SEARCH. She was 19, pregnant, and without a place to live after she and her family lost their home in New Orleans due to Hurricane Katrina. Determined to finish high school and create a safe environment for her unborn son, Keina worked closely with her SEARCH case manager. Keina relied heavily on the stable influence of SEARCH in her life after such a long period of instability. She told her case manager how much she valued their time together, especially the support of someone who knew what to expect in the journey she faced to get off the streets.

The day Keina was housed, she called several times to express her gratitude and excitement! Her vision for herself and for her child is becoming a reality. She is currently in school and will continue to work to provide a better life for her and her four-month old son.

**The Foshee Family  
House of Tiny Treasures is OPEN!**

We are thrilled to announce that our second HTT- The Foshee Family House of Tiny Treasures- is officially open! We were joined by loyal donors, volunteers, community partners, and friends to cut the ribbon on our new school last month. It was a wonderful ceremony celebrating the beginning of a new chapter at SEARCH!

The school opened its doors in Houston's Third Ward on September 19, and it will serve an additional 72 students, tripling the capacity of our early childhood education program and allowing us to serve even more children in need. Thank you to everyone who helped make this day possible!
